PROFESSIONAL EXPERIENCE

For The Plot NYC Social Club

New York, NY

Founder, Social Media and Community Marketing Lead

May 2024 – Present

- Scaled a community-based social brand on Instagram to 6.6K+, organically doubling follower count year over year.
- Lead end-to-end strategy and execution for 50+ events, organizing venues, vendors, promotion, and day-of logistics, highlighted by a 515-attendee anniversary event that generated \$15.9K in profit.
- Establish and maintain partnerships with 65+ businesses to host events and secure sponsorship support from 45 brands through product donations, giveaways, and collaborative promotions.
- Design social media content, sponsorship materials, and promotional assets in Canva to support event campaigns, brand partnerships, audience growth, and community engagement across digital and in-person channels.
- Secure and allocate \$1.2K in funding from a social connection app startup, acting as a point of contact for community growth and app adoption through events, partnership activations, and targeted community outreach.
- Analyze event attendance sheets and Instagram performance metrics to identify audience preferences, refine content and event programming, and support continued growth in engagement and attendance.

TikTok

New York, NY

Digital Content Creator Freelance

November 2020 – Present

- Grow and maintain a TikTok community of 200K+ followers with 4.5M lifetime likes, producing 250+ short-form videos informed by platform trends and content performance.
- Develop media kits and negotiate sponsorship contracts with lifestyle and hospitality brands, securing 40+ partnerships since January 2026 and aligning campaign deliverables with brand objectives.
- Conceptualize, script, and produce culturally relevant TikTok content, using CapCut to craft engaging short-form stories through pacing, sound, visual editing, and trend-driven creative.
- Evaluate performance through TikTok Studio Analytics, including content performance, viewer and follower demographics, and engagement metrics to inform content strategy and identify top-performing video formats.

Jefferies

New York, NY

Business Intelligence Analyst

June 2022 – September 2025

- Built and optimized 15+ interactive Power BI dashboards used by 50+ cross-functional stakeholders, translating business and operational data into actionable performance insights for senior leadership and business teams.
- Automated 20+ recurring reporting workflows using Excel, SQL, and Pentaho, improving data accuracy and streamlining daily, weekly, and monthly performance reporting.
- Wrote SQL queries to extract, join, and synthesize internal trade performance data from multiple sources, identifying trends and key metrics to support cross-functional business decisions.
- Partnered with business, technology, and end-user stakeholders to define requirements, prioritize initiatives, and deliver data-driven reporting solutions aligned with business needs.
